Outstanding Programs at NIRI Chapters

NIRI chapters provide outstanding IR education and networking opportunities on the local and regional level. Upcoming programs you'll want to consider:

- [NIRI Southwest Regional Conference, August 23 – 25 in Austin, TX](#)
- [NIRI-Chicago 2017 IR Workshop, September 15 in Chicago](#)

For a listing of other chapter events, please visit this [link](#).

If you have a colleague new to IR, you'll want to share information on the NIRI September seminars in Boston. *Fundamentals of IR* provides a comprehensive overview of IR. *Best in Class Investor Presentations and Investor Days* focuses on the key elements of a successful investor presentation. *Writing Workshop for IR* teaches the principles of clear, efficient financial writing.

For those new to the finance side of IR, NIRI November seminars in New York include *Finance 101: Introduction to Capital Markets & Finance Fundamentals* and *Finance Essentials: Capital Structure, Accounting, Financial Analysis, and Corporate Valuation*. For more information on NIRI seminars, please click [here](#).

I also want to congratulate the [12 IR professionals](#) who passed the Investor Relations Charter examination in June. Representing the fourth class of IRC credential holders, there are now a total of 118 IRC holders worldwide. To apply to sit for the next exam during the September 9-16, 2017 testing window, please visit the [Certification section](#) of the NIRI website.

NIRI is seeking nominations to the national Board of Directors for the class of 2018 – 2021. Please click [here](#) for more information and a nomination form.

Finally, I want to pass along our condolences to the family of John P. "Jack" Kehoe, who passed away last week. Jack, who was a charter member of NIRI, was a senior counselor at [Abernathy MacGregor](#) and earlier ran his own IR consultancy Kehoe, White, Savage & Company.

All the best,
Mike
