## **NIRI Releases CEO Search Position Specification**

Today, we've taken an important step forward in our search for NIRI's next CEO. I am pleased to announce the release of the NIRI President and CEO position description, now available on the [NIRI website](#). We are ensuring the appropriate audiences are aware of this dynamic opportunity.

As you know, the NIRI Board and CEO Search Committee are working closely with Korn Ferry in this search, and it is our intent to ensure that we conduct this important process in a thoughtful and highly measured fashion.

We have developed a comprehensive position description that accurately captures the key responsibilities, necessary experience and qualities, and critical factors that will define success. We have reached out in a very inclusive manner to numerous NIRI thought leaders and key stakeholders to discuss the ideal background and skillset of candidates.

This has been an extremely productive process, resulting in the Position Specification that we published today. We are well prepared to identify the ideal candidate. I encourage you to review the position description, and send any questions or indications of interest to the Korn Ferry team identified in the position description. Of course, I am happy to be a resource as well.

The NIRI Board of Directors and Search Committee appreciate the trust you've placed in us through this process. With your support, and moving together as a unified force, we will seize this opportunity to help chart our future, and reimagine NIRI.

I look forward to providing you with additional updates.

Felise Kissell  
Chair, NIRI  
Vice President, Investor Relations  
HSN, Inc.
